Celebrating our 32nd year! February 2023

The Mission of SIR is to enrich the Lives of Our Members Through Fun Activities and Events—While Making Friends For Life

Ken Landoline, Big Sir Here we are already one month into 2023. Our last 2022 all member luncheon meeting was in November. For those of you who missed our Christmas Luncheon with the Ladies event, it was more

than 11 weeks until our first 2023 luncheon on January 24th. However, time has not stood still and there has been a lot going on within SIR world. Although it is not yet fully behind us, COVID is having a diminished effect on our everyday activities as air travel has increased, people got back to more normal family and friend gatherings over the holidays, and those vaccines we received over the past two years appear to be keeping us safer than we were a year or two ago. I hope that has been your experience also.

The newly installed team of officers of Branch 161 has been very active on your behalf. We have been planning the 2023 SIR agenda in terms of dealing with the rapidly changing physical environment of the Discovery Bay Country Club as the facility is being remodeled, meeting with and building relationships with the new ownership team and making changes in our monthly luncheon menus and pricing. We are feeling a sense of accomplishment about our newly signed contract with the DB Golf & Country Club. We believe we have reached an agreement through 2023 that will maintain our strong ongoing thirty-one-year relationship with the Club in terms of having a conven-

ient, beautiful, and comfortable environment with high quality monthly menus at a reasonable price during this inflationary economic period.

While many SIR branches have been shrinking in size, we have been able to balance our membership losses with new member recruitment and keep our membership at a consistent 150+ members. As pointed out by our Membership Director Luis Figueroa, we believe this achievement is because our branch offers 11 well attended activities, most of which are coed, and the elimination of the once very restrictive COVID restrictions which curbed luncheon attendance and activity participation. Our branch members must be congratulated for their active recruitment of friends and neighbors over the past few years. Keep up the good work. It would be great if each member of our branch would invite at least one guest to a SIR luncheon this year. Given our very strong history of guest

to member convergence this would certainly keep Branch 161 on the road to success and sustainability far into the future.

In closing I would like to remind you that our next meeting will be held on Tuesday February 14 (Valentine's Day) and by then we expect the clubhouse remodel will be near completion and things will be back to normal with lunches on the second Tuesday of each month for the rest of 2023. Also, as local restaurants return to normal operations our popular monthly Dinner with the Ladies events will be back in full swing. Please try to participate in as many of our branch sponsored activities as possible and remember to invite a friend or neighbor to our next luncheon. I look forward to seeing all of you at the February luncheon meeting.

Little Sir, Jim Wangeman

We had a great lunch of Chicken Scallopini and our speaker, Greg Robinson with his experiences in gold mining.

Our next meeting will be February 14th with Chicken Marsala for lunch. The speaker will be Michael Rucker, Brentwood police officer, talking about the Give Back Garage project.

Thank you to the almost 100 Sirs at our lunch. See you next month.

SIR Cyclers, Jerry Wiebe (916) 206-9221

The welcomed, but heavy precipitation experienced in January contributed to several missed rides this past month for the SIR Cyclers. We are looking forward to a better balance of rain and sun in the coming weeks.

Our rides begin at 9:00 a.m.

and we take as many as three rides weekly. Our favorite morning trek is on Friday, leaving from Jerry's driveway to Brentwood to enjoy a cup of coffee and a lot of gab at a local coffee shop. We are always on the lookout for new members to join us on this fun event that has a lot of plusses.

All levels of bicycling experience are welcome, and electric bike riders are encouraged to join us. We are also here to help others brush up on their riding skills if they have not ridden for a while. It only takes a few weeks to wake up those muscles and build some endurance. Just start at a mile a day...then add another, then another. In no time you'll be surprised at how soon you are feeling stronger. The best part is feeling good...ALL OVER!

Cyclers leave in the morning from Jerry's driveway at 2071 Windward Point in Discovery Bay. Give Jerry a call for questions. Then get that bicycle down you have hanging on the wall of your garage, dust it off, and put some air in the tires. We are waiting for you!

NCGA/GHIN NEWS

The article below was taken from an NCGA website posting (11/7/22).

The USGA and the R&A have unveiled a regular update to the Rules of Golf as they continue to make the Rules easier to understand and apply. The new Rules have gone into effect on January 1, 2023.

Several penalties have been relaxed and language has been clarified to help golfers at all levels of play. Key changes include:

Modifications for Players with Disabilities: The modifications to the Rules for players with disabilities have been made part of the Rules and are in effect for all players who are classified in the categories covered in Rule 25 Handicap Usage in Stroke Play: With the continued growth of score-posting technology following the adoption of the World Handicap System™, players are no longer penalized for failing to put their handicap on their scorecard in stroke play. The committee will be responsible for ensuring the accuracy of each player's handicap.

Club Damaged During Round: The Rule has been amended to allow a player to replace a club that is damaged during a round, provided the player did not damage it through abuse.

Ball Moved by Natural Forces: A new exception provides that a ball at rest must be replaced if it moves to another area of the course or comes to rest out of bounds after being dropped, placed, or replaced.

2023 Golf Schedule

Back-on-the-Line Relief Procedure: The back-on-the-line relief procedure, often used for penalty area and unplayable ball relief, has been simplified so that the player now drops their ball on the line, and the ball must come to rest within one club-length of where it is dropped.

More On Clubs

You are allowed to carry up to 14 clubs for play (but you can have fewer). There is no restriction on the type of clubs you carry – for instance you can carry multiple putters, multiple drivers, or some left-handed clubs and some right-handed. If you start a round with 14 clubs, you are generally limited to those clubs for the rest of the round, even if you lose one or break one while making a stroke. But you can continue using a

damaged club or have it repaired if possible. If you start a round with fewer than 14 clubs, you can add clubs during the round until you reach 14, but you must not delay play in doing so. When you have a partner, you can share clubs, provided that the total number of clubs between the two of you is no more than 14. For example, if you have 6 clubs and your partner has 8 clubs, the total is 14 and you can share.

You cannot purposely adjust or alter clubs during your round, which includes making changes to adjustable clubs. But if an adjustable club becomes loose during the round, you can repair it by moving it back to the original setting. So, if a club breaks you can replace it but not if you got mad after a bad shot and slammed it against a tree. You can keep using it or repair it but not replace it. Better yet – don't lose your cool!

We begin the year with two new events: Winter Four-Man Scramble on Tuesday, February 21 at Shadow Lakes and Discovery Bay Friendship Tournament at Discovery Bay Golf and Country Club on Monday, March 6. After a shotgun start and playing two nine-hole rounds at Shadow Lakes, a lunch consisting of sandwich, chips, and drink will be provided. A great relaxed format to begin the season. SIR Branch 161 is hosting SIR Branches from throughout the state at the Friendship Tournament. Your team of four (playing 2 net best ball as a team and four other individual flighted contests - all included) will consist of members from as many different SIR Branches as possible. A served lunch after the round will be followed by cash prize awards. We are the hosts – We need a great turnout from our branch. Even if you are not a regular at our golf activities, please consider this one. Email if you need a flier for the Friendship Tournament. Register now for all events by sending me an email!

Plan to join us now. Don't miss out on the fun!

Have a good one! Johnny
